

TRUST NEWSLETTER – MAY 2018

Hello Residents.

Snippets from the May Trust Meeting:

- The Budget for 1/7/18 to 30/6/19 was presented to the full Trust for ratification and confirmation. This was duly confirmed and a consultation meeting with the residents has been set down for 8 June at 2.30pm in our Village Hall. This will be followed with a little light refreshment and some edibles (courtesy of the Trust and prepared by the Social Club).
- It seemed a good time to also invite the Whangarei District Council to explain the Rates Rebate procedure to residents. AND why not also have our AED demonstrated while most residents are present?
- The Trust thanks you for your patience and particular goodwill on the part of the immediate neighbours to Unit 29. I believe it was quite a spectacular event when the actual removal took place. Our news groundsman has tidied up the tire tracks but inevitably more of these will be evident once the building programme commences.
- Unit 32 (Nellie's home) has been inspected prior to sale and once a few items have been bought up to speed, will be sold. This could be in about a month or so.
- Currently, we have 7 confirmed prospective purchasers on our data base.
- Thank you to the resident who suggested a handrail be erected on the path up to the water tank. The Trust will have this in hand (pardon the pun).

SOCIAL AND ACTIVITIES UPDATE (as supplied by Heather Haack)

It was a sad occasion to learn of Nellie's passing. The Social Club gave koha to Nellie's family for the Tangi on behalf of the residents.

The bus trip to the Operatunity show in Whangarei was once again a very happy and successful time. This show was a vibrant, high energy, with lots of laughs show and the audience was invited to participate at different times during the singing and the dancing. A great day out for who went.

Sunday 6 May - Despite the best laid plans, playing the 45's and LP's did not go quite as predicted although it was still a very pleasant evening. Approx 40 people both from the Ngunguru Community and the Village enjoyed the 60's music, good finger food and a Sausage Sizzle. Thanks to those who took the time and effort to dress accordingly and provide the entertainment as the night went on.

June Happy Hour date has been changed from the 1st Sunday to the 10th June. Further details to come.

Operatunity tickets will be available for the June Show on the 15th. However, rumour has it that there is another big event at the Sports Complex that day. Tickets for those who want to attend the show will be ordered, and providing 10 tickets are requested, the price will remain the same.

That's all for now, Heather.

The other day I was reminded by a Health Educator that one of the most forgotten actions during the winter months is the body's need to drink plenty of water. We all know the result of liquid intake, so we do tend to resist drinking. Water is not only for thirst or to cool the body down, but it is a necessary fluid to keep the body working. So please, keep that fluid intake up (unless of course your doctor says otherwise)!!

Phi Wilson, Village Manager
